Almost like a new construction is this updated dream home in Hawthorne Heights! Move into a home that was renovated top-to-bottom with all new utilities, electric, roof, floors, kitchen and bathrooms.

The main floor boasts a gourmet kitchen with stainless steel appliances, a kitchen island that leads to the dining room and a large living room that complements the trendy open floor plan concept. On the next level up is a master suite with walk-in closet, 3 bedrooms and another brand new bathroom. One level down is the family room with a wood-burning fireplace and direct access to the backyard patio and the fenced-in swimming pool. The home has a 2 car garage and in the finished basement two additional large rooms that can serve as an entertainment room and an office/bedroom with a bathroom.
